The following new engineering works, sponsored by the Ministry of National Defense, are under construction in Croatia:

- a. A steam turbine factory near Svarca, four kilometers from Karlovac in the direction of Dugaresa, and a few hundred meters from the sanitary articles factory which is located on the opposite side of the Mreznica River. This factory will eventually produce gas turbines.
- b. A marine diesel engine factory near Bregana and Samobor, just below Mokrice castle. Mokrice is on the Brezice-Samobor road, on the right bank of the Sava River.
